Session Descriptions

Creative Curriculum Overview for Preschool – Rebecca Wampler of Family Connections, Inc., Sheboygan, Wisconsin.

“Learn the blueprint for planning and implementing a developmentally appropriate program. The foundation of Creative Curriculum is based on theories and research in the early childhood field. This session offers the curriculum framework and the interest areas to guide you in making this curriculum a part of your own high quality program. Create a classroom where you can teach effectively and where children will thrive.”

Color “R” World – Tami Tousignant, Workshop Presenter, Green Bay, Wisconsin

“Explore the wonders of storytelling in a variety of ways from the “magic of magnets” to the “power of pocket stories”. Age appropriate learning centers developed on sturdy wood teaching tools will be both presented as well as available for purchase. Move beyond the flannel board and experience the adventure of flip board and paddleboard stories. Guaranteed to provide you with fresh, new ideas you can incorporate with your children Monday morning. Bring your camera!”
